caBIG Knowledge Center Forum Index

From this page, you can access each caBIG Knowledge Center's Forum Index. Each index lists all the forums hosted by that Knowledge Center, including a domain-level forum for general questions and comments, and tools forums for both developers and end users.

- ?caGrid Forums
- Clinical Trials Management Systems Forums
- Data Sharing and Intellectual Capital Forums
- Molecular Analysis Tools Forums
- Tissue/Biospecimen Banking and Technology Tools Forums
- Vocabulary Forums

Anyone can browse forum postings in all Knowledge Centers. To add a posting or to reply to one, you will need an account. Once assigned, your login and password can be used across multiple Knowledge Centers and their knowledge management resources. Please use your professional e-mail account when signing up; if your e-mail domain is not recognized, you may be contacted by NCICB Applications Support for more information. <u>Visit Access Account Request Form</u> to request an account.

There is also a forum for cross-Knowledge Center technological and other issues:

• Cross-KC Forum
